Rebecca Bachelder

7. Please provide a Table with the number of monthly contracts stranded due to their small size since 1999 to January 2004 as well as the total MDQ associated to them, and the monetary value of them.

Response:

Please see the attached for data from September 2001 through May 2004. Prior to September 2001, Select Energy was under contract with a third party supplier to utilize Select's pipeline capacity and provide gated deliveries therefore no information is available prior to September 2001. The dollar amount(s) of the Demand Charges is significant to a marketer's bottom line and affect a marketer's ability to stay competitive in the marketplace. Additionally, the ability to extract the appropriate market value of the transportation is not realized.
